OBJECTIVE

To secure a position as a MERN Stack Developer where I can apply my skills in MongoDB, Express.js, React.js, and Node.js to build scalable web applications while continuously learning and growing in a professional environment.

EDUCATION

B.Tech in ECE, Global College of Engineering and Technology, kadapa **Dec 2025**
CGPA: 7.35/10 AP, India

Intermediate (MPC), narayana junior college, kadapa **2018 - 2020**
CGPA: 7.03/10 AP, India

SKILLS

Programming Languages	HTML, CSS, JavaScript
Frameworks/Libraries	React.js, Express.js, Node.js
Databases	MySQL, MongoDB,
Developer Tools	Git/Github, Postman, VS Code, MongoDB Compass
Academic Coursework	Web Development
Certifications	completed 7-months mern-stack intership and Training dct academy, banglore(April2025 - oct2025)

EXPERIENCE

| **Full-Stack Development** | **April 2025 - Oct 2025**

- Developed full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built responsive and user-friendly interfaces using React.js and modern CSS frameworks.
- Created RESTful APIs and handled backend logic with Node.js and Express.js.
- Implemented authentication, CRUD operations, and database integration.
- Used Git and GitHub for version control and project management.

PROJECTS

e-commerce web application: Developed a full-stack men's fashion e-commerce web application using the MERN stack (MongoDB, Express.js, React.js, and Node.js). The application allows users to browse products, register/login, add items to the cart, and place orders. Implemented RESTful APIs for backend functionality and integrated MongoDB for efficient data storage. Designed a responsive and user-friendly interface using React and modern CSS frameworks. Focused on delivering smooth performance, intuitive navigation, and a seamless shopping experience. ([Project Link](#)) ([project Link](#))

course app: Developed a full-stack course management web application using the MERN stack (MongoDB, Express.js, React.js, and Node.js). The application allows users to browse available courses, register/login, and enroll in courses. Implemented RESTful APIs for handling user authentication, course data, and enrollment functionality. Integrated MongoDB for efficient data storage and management. Designed a responsive and user-friendly interface using React, ensuring smooth navigation and an engaging learning experience. This project demonstrates strong skills in full-stack development, database integration, and application design([Project Link](#))

EXTRA-CURRICULAR ACTIVITIES

- Regularly practice coding and problem-solving.
- Explore new web development technologies and frameworks.
- Build and contribute to personal projects on GitHub.
- Participate in online technical communities and learning platforms.
